

Hotel Information

Please be advised that the 2006 FIFA World Cup is being hosted by Germany this summer. Hotel space will be very limited throughout Munich but also throughout Germany from June 1st through mid July. Please take this into consideration when you are coordinating your European Delivery travel plans.

In the heart of Munich, the King's Hotel is offering BMW European Delivery customers very favorable rates at both their 3-star and 4-star properties, conveniently located in Munich about 100-150 yards from the main train station, giving guests easy access to transportation. The King's Hotel is also only 5 miles from the BMW Delivery Center. The King's Hotel can make arrangements to have European Delivery guests picked up and/or dropped off at the Munich airport for 80 euros. This is a special arrangement for BMW customers only so please make arrangements in advance of your arrival (see below for contact information).

The King's Hotel is represented in the Americas by Inter-Connect USA and these rates are only available by booking direct with Sandra Camponogara or Maritza Rodriguez. They are not available for booking through travel agents or the hotel directly.

For Reservations or Hotel Information, please contact:
